Glaukos Environmental, Health and Safety Policy

Glaukos Corporation is committed to protecting the environment and providing a safe and healthy workplace for its employees, contractors, visitors, and customers.

Glaukos Corporation strives to meet its compliance obligations and maintains internal company management systems to provide guidance for Environmental, Health and Safety compliance at all its sites.

Glaukos Corporation endeavors to reduce its impact on natural resources, consider climate related impacts and ecosystems, focus on pollution prevention and drive continuous improvement of the environmental management system to enhance its environmental performance.

This policy provides the framework for setting environmental objectives.
